Department of Defense

*Maj. Gen.
Robert G.F. Lee*

*Command Chief
Master Sgt.
Robert S.K. Lee
III*

Organization

The State of Hawaii, Department of Defense, is made up of

- Hawaii Army National Guard (HIARNG)
- Hawaii Air National Guard (HIANG)
- State Civil Defense (SCD)
- Office of Veterans Services (OVS)
- Hawaii National Guard Youth CHalleNGe Academy (YCA)

Mission

The mission of the State of Hawaii, Department of Defense, which includes the Hawaii National Guard (HING) and State Civil Defense, is to assist authorities in providing for the safety, welfare, and defense of the people of Hawaii. The department maintains its readiness to respond to the needs of the people in the event of disasters, either natural or human-caused.

The Office of Veterans Services serves as the single point of contact in the state government for veterans' services, policies, and programs. The OVS also oversees the Hawaii State Veterans Cemetery.

The Hawaii National Guard

Youth CHalleNGe Academy provides youth at risk with an opportunity to complete their high school education while learning discipline and life-coping skills.

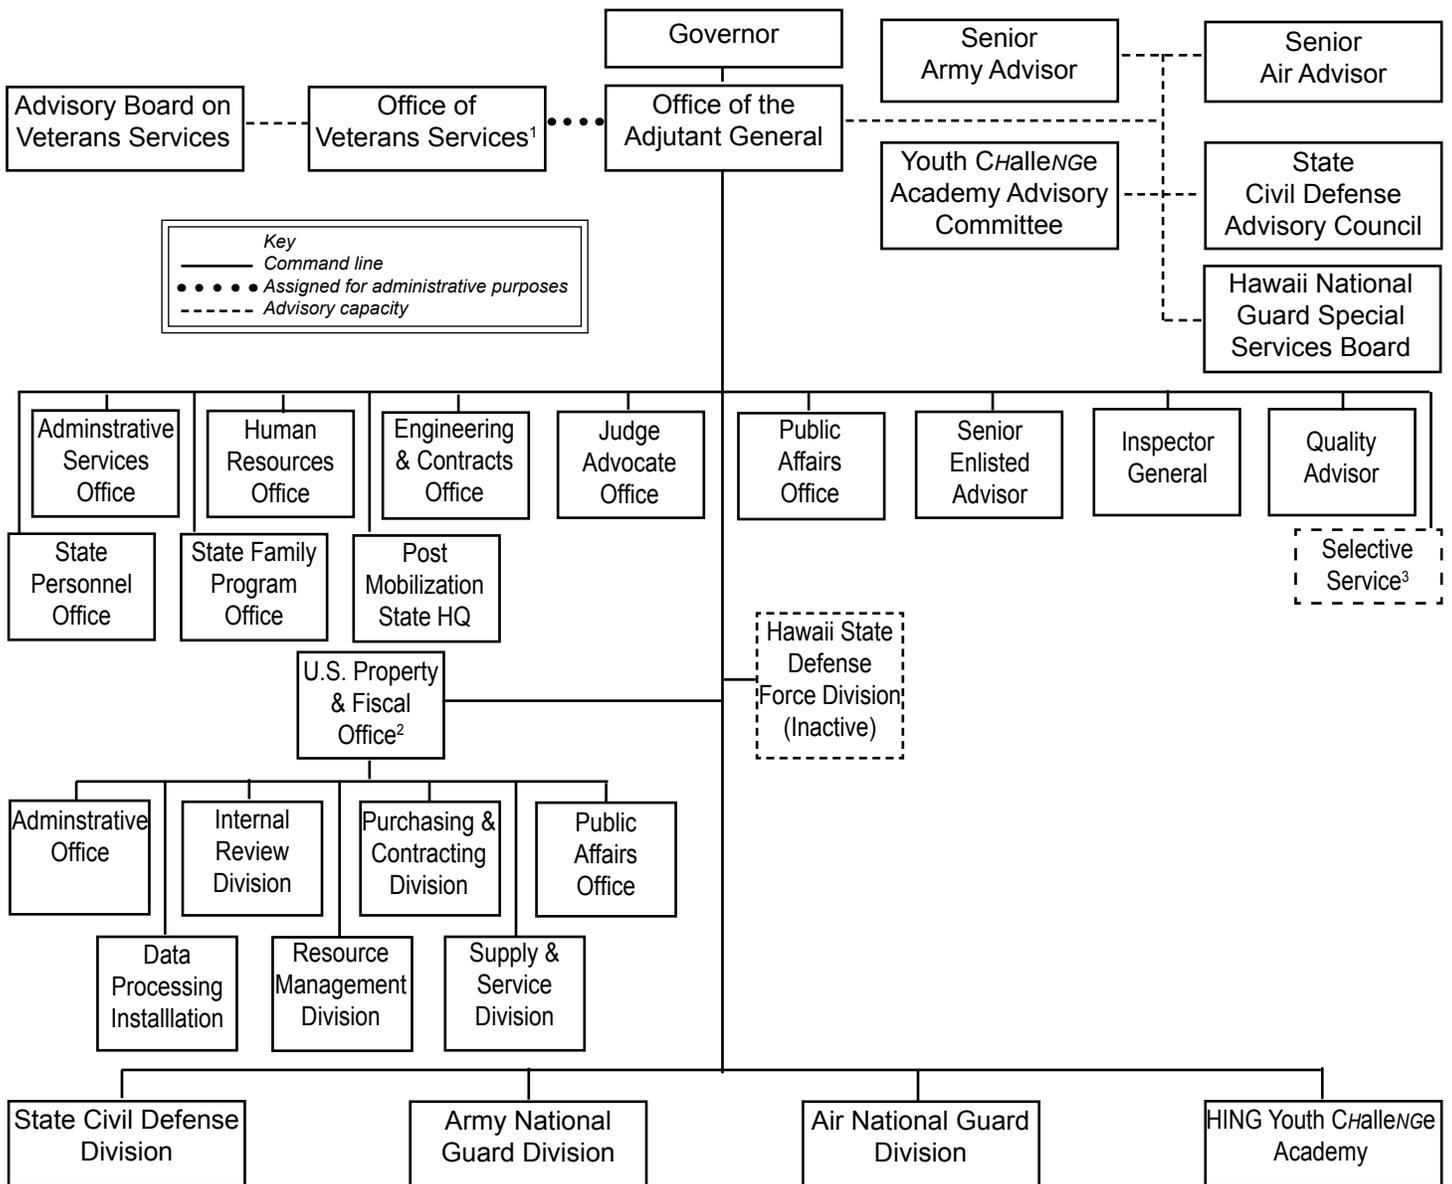

Personnel

The Department of Defense represents a varied mixture of federal, state, Active Guard/ Reserve, and drill-status National Guard members. This force totals approximately 5,500

- 298 state employees
- 440+ Active Guard/Reserve¹
- 1,080+ federal technicians²
- 5,475+ drill-status Army and Air National Guard members

¹ Not double-counted as drill-status

² Most federal technicians are also drill-status, some are not

¹Office of Veterans Services is assigned to the Department of Defense for administrative purposes (section 26-21, Hawaii Revised Statutes)
²U.S. Property & Fiscal office serves dual roles as the National Guard representative
³Army Guard positions authorized in Hawaii Army National Guard Table of Distribution and Allowances and Air Guard positions authorized in the Hawaii Air National Guard Unit Manpower Document. However, both staffs have the responsibility to provide direct updates to the adjutant general

FAREWELL TO THE TROOPS
 – Maj. Gen. Robert G.F. Lee, the adjutant general, is joined by Gen. Craig McKinley, National Guard Bureau chief, and Gov. Linda Lingle, Hawaii National Guard commander in chief, for one last review of the troops at Joint Base Pearl Harbor-Hickam.
 Master Sgt. Steven Matsuda photo

Joint Forces Headquarters Hawaii

Training Year 2010 proved to be one of the most successful and ambitious training years to date for the JFHQ-Hawaii. With a multitude of both Army and Air Guard deployments, there was a significant manpower shortage to sustain the daily operational tempo. Hawaii's Joint Team effectively managed and in some cases accelerated its operational readiness across a full-spectrum of mission related requirements.

Key training events continue to keep the JFHQ staff postured to take on the threat of All-Hazards. No other exercise sets the conditions for the challenges of a disaster like that of Hawaii's marquee annual "Makani Pahili" hurricane exercise traditionally held before the beginning of each hurricane season in May. This exercise serves as the standard for Joint-Interagency collaboration facilitating a dynamic exchange of operational activity that fosters solid partnerships among key stakeholders during a scenario-based disaster. The Category IV hurricane modeled in this exercise serves to stress all facets of the response community. This year the State of Hawaii's Civil Defense in coordination with FEMA Region IX established a first-ever Joint Field Office (JFO) to replicate the interagency Emergency Support Functions (ESFs) as a means to codify the newly developed Catastrophic

Hurricane Readiness Response Plan for the State of Hawaii. A critical piece of this effort was the significant role the JFHQs played in receiving and processing Mission Assignments that the Hawaii Guard units would be activated to support. The lessons learned from this exercise enhanced the readiness of both the Joint Staff as well as the HING units that participated. The importance of Makani Pahili and the lessons derived from this exercise played out as Hawaii experienced one of the most busy storm seasons of recent memory in 2009.

Of significance was the devastating earthquake and subsequent tsunami in American Samoa on Sept. 30 2009. Hours before a Disaster Declaration was announced by the White House, the Hawaii Guard and the Joint-Staff quickly assembled to plan for the response and recovery effort that would soon follow. Immediately planning efforts set in motion the deployment of a Joint Task Force from the Hawaii Guard made up of 65 personnel from our CBRNE (Chemical, Biological, Radiological, Nuclear, and Explosive) Emergency Response Force Package (CERF-P), 93rd Civil Support Team, as well as a mix of communications, and public affairs elements. Referred to as "Task Force HING" – this

full complement of Army and Air Guardsmen achieved one of the most responsive relief efforts in the Nations recent history. Our close partnership with the Federal Emergency Management Agency coupled with our fantastic rapport with U.S. Pacific Command served to accelerate our response posture and bring about immediate humanitarian relief to our stricken Pacific partner in American Samoa in an effort to alleviate human suffering and mitigate hazards.

Also of note is Hawaii's JFHQ involvement in the on-going support to Indonesia and the Philippines through our State Partnership Program (SPP). These programs continue to solidify the excellent partnership the Hawaii Guard enjoys with these two important Pacific Nations. It is through these Pacific partnerships that the JFHQs stand ready to engage where and when needed to support world-class exercise events or bilateral exchanges. As we grow the programs we set the conditions for future engagements that continue to shape the strategic environment of the Pacific. Our contributions in the PACOM-AOR have established the Joint Force Headquarters as the cornerstone for superb and professional support rendered by both our soldiers, airmen and officers that make up Hawaii's own Joint-Team.

Hawaii National Guard Counterdrug Support Office

Mission

The Hawaii National Guard Counterdrug Support Office's mission is to provide marijuana eradication support, intelligence support, drug demand reduction support, and substance abuse awareness and treatment to soldiers and airmen to reduce the supply and demand of drugs and alcohol in the State of Hawaii.

Personnel

Thirty-three personnel from both the Army and Air National Guard work in one of four sections, which include: The Joint Substance Abuse Program, Drug Demand Reduction, Operations, and S1/Supply.

Highlights and significant events

Joint Substance Abuse Program

In FY 2010 Counterdrug executed 416 hours of Substance Abuse Awareness training received by Soldiers. Personnel submitted 4372 specimens to the Installation Biochemical Testing Coordinator at Tripler. The National Guard Bureau goal for testing service members was exceeded; 102.6 percent of end strength for the Hawaii Army National Guard (goal is 100 percent of end strength) and 70.3percent of end strength for the Hawaii Air National Guard (goal is 60 percent of end strength).

For FY10 the Prevention Office completed pre-deployment yellow ribbon presentations and prevention trainings. We also provided service members and their family members access to statewide referrals to healthcare providers to provide them with assessments, treatment programs, and counseling.

In support of the community, the Prevention Office participated

in events like the 2010 MADD Labor Day Sobriety check point. We also assisted with the planning and attendance in the Recovery Oriented Systems of Care Conference. This provided the opportunity to network with Health Care providers and Access to Recovery organizations for the benefit of our Soldiers and Airmen. Our office hosted and participated in the Prime for Life training class; a valuable program used in the prevention of alcohol and drug abuse.

Operations

The Operations section of the Counterdrug Support Office provides aerial support for law enforcement agencies on all islands to assist with marijuana eradication. We also provide intelligence support to law enforcement agencies to reduce the supply of drugs in Hawaii.

FY 2010 Seizures

Item	Total
Cocaine (Pounds)	218.2466
Ecstasy (Pills)	2504
Heroin (Pounds)	5.9944
Marijuana (Plants Eradicated)	64384.3981
Marijuana (Processed)	226.2091
Methamphetamine (Pounds)	432.3762
Other / Designer Drugs (Pills)	443
Currency	\$944059.72
Property	5700
Vehicles	32
Weapons	33

Drug Demand Reduction

The Hawaii National Guard's Drug Demand Reduction program is designed to build and expand a strong community partnership with the emphasis on drug/alcohol abuse prevention and family strengthening for youth and adults in the State of Hawaii. We do this through our three-prong approach: Drug Awareness and Prevention Education, Parenting, and Adventure-Based Programs.

Recently, the National Guard

Bureau in Washington, D.C. has pushed heavily on evidence-based programs. NGB teamed up with NCPRS, a consulting firm based out of South Daytona, Fla. to create an evidence-based curriculum called Stay on Track. SOT is designed for grades six, seven and eight. In FY10, the State of Hawaii implemented its first year of SOT at Hui Malama O Ke Kai, Kailua Elementary and Waipahu Intermediate. We hope to expand and offer this curriculum to more schools in FY11.

The Kokua Ohana Aloha diversion program is for first time status offenders who are referred by Family Court. The idea behind the KOA program is to incorporate life-skills, communication skills and parenting for the family to divert the youth from having to go further in the juvenile system. Pre and post surveys are used to analyze if there are changes in behavior and knowledge for both the youth and parent. We are working closely with Dr. Judie Kosterman, a consultant for NGB to continue making strides in the development of our program.

Some of our community events for FY10 are highlighted below:

Event	No. served
▪ Education of Homeless Children and Youth, Pearl City, HI., Distribution of backpacks and school supplies for youths.	1,000
▪ Coalition for a Drug-Free Hawaii Back Yard Jam, Honolulu, HI.	150
▪ Hawaiian Islands Pacific Rim Armed Forces Drug-Free Fitness Competition, Koko Head Elementary in Honolulu	105
▪ Healthy Kids Day, Bishop Museum, HI.	1,000
▪ "Protect Our Keiki Family Nite", in Waipio, HI., Hawaii Guard members	600
▪ Bayfest, Kaneohe MCBH	2,500

COMMAND PERFORMANCE – Col. Bruce E. Oliveira, 29th Infantry Brigade Combat Team commander, leads his unit through the streets of Waikiki during the Ohana day Parade for the last time in May 2010. Sgt. 1st Class-R Wayne T. Iha photo

Hawaii Army National Guard

Mission

The Hawaii Army National Guard's federal mission is to serve as an integral component of the Total Army by providing fully-manned, operationally-ready, and well-equipped units that can respond to any national contingency ranging from war and peacekeeping missions to nation-building operations. The state mission of the HIARNG is to provide a highly effective, professional, and organized force capable of supporting and assisting civilian authorities in response to natural disasters, human-caused crises or the unique needs of the state and its communities.

Personnel

As of June 30, 2010, the assigned strength of the HIARNG was nearly 3,000 Soldiers.

Organization

The HIARNG, commanded by Brig. Gen. Gary M. Hara, is

Brig Gen. Gary M. Hara

Cmd. Sgt. Maj. Elizabeth K. Kenui

Guard units and installations are located in communities on the islands of Hawaii, Maui, Oahu, Molokai, and Kauai.

Joint Forces Headquarters, Hawaii Army National Guard

The headquarters consist of

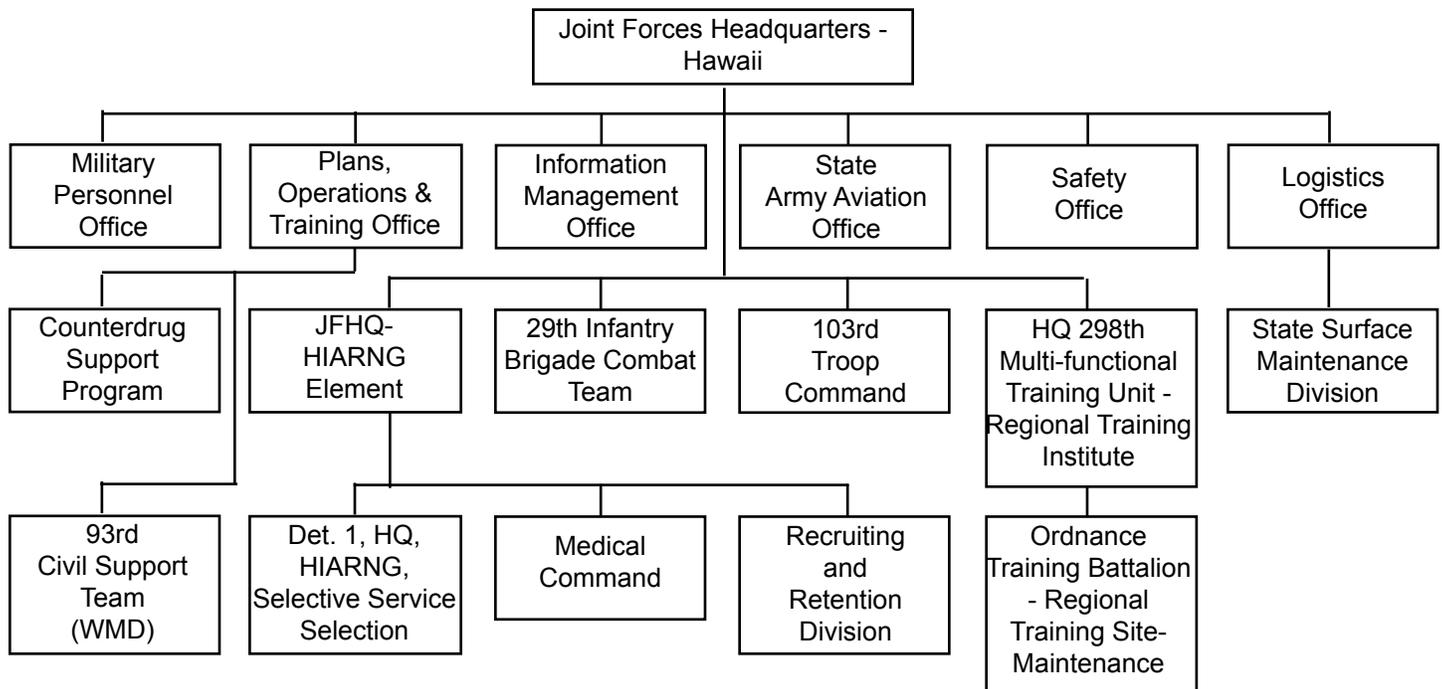

composed of a Headquarters, Hawaii Army National Guard, and three major commands: the 29th Infantry Brigade Combat Team, the 103rd Troop Command, and the 298th Regiment-Multi-functional, Regional Training Institute. Hawaii Army

primary staff offices which are responsible for establishing command directives and guidance in the functional areas of military personnel (including recruiting and retention); plans, operations, and training; logistics; surface maintenance; Army aviation; facility management; information management; and safety and occupational health; the Medical Command and Retention and Recruiting Command are administratively attached to JFHQ, HIARNG. The command and control functions and services provided by JFHQ, HIARNG are at an organizational level and support the Hawaii Army Guard's three major commands and their subordinate units across the state.

Director of Military Support

The Director of Military Support is a key proponent in all state activities involving the prevention of, and response to, terrorist events.

DOMS also coordinates state-

wide defense support to civil authorities missions in response to natural and man-made disasters such as earthquakes, floods and brush fires.

The Counterdrug Support Program, a joint Hawaii Army and Air National Guard organization, comes under the day-to-day operation of DOMS. During the year, the program provided numerous support missions for law enforcement agencies to interdict and disrupt organized drug activities. Active augmentation of the Hawaii High Intensity Drug Trafficking Area has been instrumental in detecting international and domestic drug trafficking. Community-based programs, like the Drug Demand Reduction program, are intended to provide training to parents and youths to increase drug awareness, education and prevention.

29th Infantry Brigade Combat Team

The 29th IBCT, commanded by Col. Keith Y. Tamashiro, is the HIARNG's largest unit. The brigade combat team's units

Col. Keith Y. Tamashiro

Cmd. Sgt. Maj. Leonard H. Ventura

span the Pacific region to include the islands of Hawaii, Maui, Oahu and Kauai, in the state of Arizona and on the Pacific islands of Guam and Saipan. The IBCT's Headquarters and Headquarters Company, along with the Brigade Special Troops Battalion, comprised of an HHC, engineer, military intelligence and signal companies and the Brigade Support Battalion made up of an HHC, distribution, maintenance and medical companies and minus its forward support companies attached to the BCT's maneuver units, are located at the Kalaeloa facility.

The 1st Battalion, 487th Field Artillery and the BSB's G Company are located at the

Wahiawa Armory.

1st Squadron, 299th Cavalry (Reconnaissance, Surveillance, and Target Acquisition - RSTA) are strategically located in communities throughout the state. The squadron's Headquarters and Headquarters Troop is located in Hilo, Hawaii, with a detachment located at Kalaeloa. Troops A and B are located in Pearl City, while Troop C is in Hanapepe, Kauai, with a detachment in Kapaa.

Upon federal mobilization, the brigade's strength is augmented by the 1st Battalion, 158th Infantry, of the Arizona Army National Guard and the 1st battalion, 294th Infantry of the Guam Army National Guard

103rd Troop Command

The 103rd Troop Command is commanded by Col. Stephen F. Logan and is located at the Waiawa Armory in Pearl City. The mission of the 103rd is to serve as a command and control headquarters for separate units of the HIARNG. Organizations assigned to the 103rd include a heavy-lift helicopter company

140th Aviation Security and Support. It is authorized three OH-58A Kiowa observation helicopters. They provide Command, Control, and Communication (C3) and air movement operations. The aircraft is specifically configured for counterdrug aerial surveillance and night operations. These helicopters and crews routinely provide law enforcement agencies statewide with marijuana eradication support.

The 230th Engineer Co., with its headquarters in Kihei, Maui, has three detachments: one in Waiawa, Oahu, one at Kaunakakai, Molokai and the third in the Montana Army Guard. The engineers provide vertical construction support, which includes carpentry, plumbing, electrical and masonry capabilities. They construct, maintain, and repair vertical infrastructures statewide.

The 297th Engineer Firefighting Team, located at the Waiawa Armory, is authorized seven positions and is equipped with one Tactical Firefighting Truck (TFFT). The team is a member of the Civil Enhanced Response Force (CERF).

The 111th Army Band, located in Waiawa, is fully organized with concert, jazz, ensemble and marching band capabilities. The band provides music at parades, special events, and National

(CH-47D Chinook), an aviation support company, a utility helicopter company (UH-60L Blackhawk), a counterdrug observation helicopter detachment (OH-58A Kiowa), a personnel service detachment, an engineer company, a firefighting

team, a contract team, an Army band and a mobile public affairs detachment.

Company B, 1st Bn., 171st Aviation, is stationed at Wheeler Army Airfield. The unit's 14 Chinook helicopters can be used to transport personnel and cargo to virtually any location within the state. The Chinook is capable of transporting up to 30 passengers and has a

maximum carrying capacity of 50,000 pounds. The CH-47D is a significant resource during emergencies or natural disasters.

Company B, 1st Bn., 777th Aviation Support Bn., a general support unit also stationed at Wheeler, provides responsive aircraft intermediate maintenance to the Hawaii Guard and to the active Army. Detachments are also located in Puerto Rico, Wyoming and Virginia. The 777th performs aircraft logistic support to assigned units in theater.

Company C, 1st Bn, 207th Aviation, are stationed at General Lyman Field (Hilo Airport) on the island of Hawaii; and, one detachment is stationed at Wheeler on Oahu. The unit has two UH-60L and six UH-60M Blackhawk helicopters. The Blackhawk is capable of transporting up to 10 personnel at one time and can also transport cargo internally or externally. This split-state organization marks a return to the Alaska-headquartered 1st Battalion, 207th Aviation.

The third aviation unit is Detachment 2, Co. B, 3rd Bn.,

Guard and active-duty functions throughout the year to promote troop morale, unit Esprit de Corps, and also to promote civil/military relations.

The 117th Mobile Public Affairs Detachment, located in Waiawa, is authorized 20 positions. The unit's mission is to provide direct public affairs support in support of combined, unified, or joint operations. Public affairs writers and broadcasters produce releases to publicize or document military-training or operations, humanitarian and civil-action exercises or events, as well as serve as media liaisons.

The 1950th Contingency Contract Team located at the Waiawa armory is the newest unit in the command with an effective date of Sept. 1, 2008. The team provides contract services in contingency operations throughout the world.

298th Regiment, Multi-functional Training Unit (Regional Training Institute)

The 298th Regiment, MFTU (RTI), commanded by Col. Arnold K. Iaea, is located at the Bellows Air Force Station in Waimanalo, Hawaii. The mission of the 298th is to train today's warriors on full spectrum operations to defend our state and win our nation's wars. The 298th is an

In 2010, units of the 298th Regiment were accredited by the Training and Doctrine

Command, U.S. Army Sergeant Majors Academy and the U.S. Army Infantry School. The accreditation process measures all aspects of Army training as outlined in applicable Army Regulations, TRADOC Regulations, Department of Army Pamphlets, applicable Course Management Plans, and Program of Instruction manuals. The accreditation team(s) inspect on a multitude of topics ranging from test control procedures, how the institute conducts training, instructor certifications to equipment ordering, operational security measures, and risk management procedures. The RTI received its first ever accreditation rating of "Institution of Excellence."

The 298th Regiment also hosts training events. In June 2010, the Regiment hosted the Tiger Balm training exercise with participation from the Singapore Armed Forces. Federal and State entities train from classroom activities to field training exercises at any given time at the 298th Regiment. In early 2010, the 298th Regiment welcomed the addition of a confidence/obstacle course that was utilized when the Region G Soldier/NCO of the Year was hosted on the training facility.

In addition to military and police agencies conducting training, the Regiment also hosts the Waimanalo Community Board monthly as well as hosting various civilian clubs/groups throughout the year. During drill weekends, you will find the 298th Regiment fully engaged in activities to train and mentor our staff and cadre along with the Hawaii Army National Guard's Recruit Sustainment Program. At any given time, during a drill weekend, we host as much as

200 plus Soldiers on ground. Numerous soldiers assigned to the Regiment have participated in Operations IRAQI FREEDOM, ENDURING FREEDOM, and NEW DAWN bringing back invaluable training and lessons learned in order to effectively train the future leaders of the Army.

Highlights, significant events

This past year, more Hawaii Army National Guard units were mobilized for a second time in support of the global war on terrorism (GWOT) for Operation ENDURING FREEDOM in Afghanistan and the Philippines.

Operation ENDURING FREEDOM

The 230th Engineer Company continued their year long deployment to Afghanistan providing vertical engineering support throughout the theater of operations and is postured to return in Winter 2010. The unit completed over 25 major projects and numerous other small projects and repairs. The Hawaii engineers were augmented by Soldiers from the Montana and Delaware Guard and the U.S. Army Reserve's 411th Engineer Battalion.

One hundred-twenty aviators from the Co. B, 1st Bn., 171th Aviation (CH-47 Chinooks) deployed to Afghanistan in Fall 2010 and are expected to return in mid-2011.

From September 2009 to March 2010, 30 more Soldiers provided security support for the continuing Joint Special Operations Task Force-Philippines mission. Their non-combat mission is to advise and assist the armed forces of the Republic of the Philippines defeat select terrorist organizations in the Philippines. The task

230th Engineer Co. photo

force was made up primarily of 1st Squadron, 299th Cavalry Soldiers, with a few from other Brigade and Troop Command units.

Exercises, missions

The 103rd Troop Command's mobilization activity was in high gear as two units deployed and other units prepared to deploy for the second time. The Soldiers from the Hawaii Guard also participate in joint and combined command exercises to hone their skills and to foster partnerships with staffs from different nations

- In Fall 2009, Troop Command conducted the induction ceremony of six UH-60M Black Hawks, helicopters. The helicopters capabilities include improved payload, new digital cockpit displays, a strengthened fuselage, new composite spar wide-chord blades which provide 227 kg (500 lb) more lift than the UH-60L blade, and more powerful engines.

- Company C, 1st Bn., 207th Aviation, with its new UH-60 Black Hawks, prepares for another Iraqi mission.

- In October 2009, Troop Command established the Command and Control Headquarters for Operation PACIFIC WAVE, a joint operation

with the Hawaii Air National Guard providing humanitarian assistance to the citizens of American Samoa devastated by the earthquake and tsunami.

- In December 2009, Troop Command Soldiers participated in Exercise YAMA SAKURA 57 (Japanese for *mountain cherry blossom*) for the second straight year focusing on the development and refinement of the Japan Self-Defense Forces (JSDF) and U.S. Army Japan (USARJ) efforts in the areas of bilateral planning, coordination, and interoperability through training.

- Troop Command provided aviation expertise in Exercise COBRA GOLD 2010, a joint/combined exercise designed to ensure regional peace and strengthen the ability of the Royal Thai Armed Forces to defend Thailand or respond to regional contingencies.

- Troop Command participated in Exercise TIGER BALM 10 for the second straight year and had the opportunity to host the Singapore Armed Forces this year at 298th RTI. Troop Command orchestrated the technical and tactical expertise performing as an operationalized Infantry Brigade Combat Team (kinetic and non-kinetic capabilities) as

Hawaii Air National Guard

Mission

The Hawaii Air National Guard has two missions. In

*Maj. Gen. Darryll
D.M. Wong*

performing its state mission, the HIANG provides organized, trained units to protect Hawaii's citizens and property, preserve peace, and ensure public safety in response to natural or human-caused disasters. Its federal

*Command Chief
Master Sgt.
Robert S.K. Lee
III*

mission is to provide operationally ready combat units, combat support units and qualified personnel for active duty in the U.S. Air Force in time of

war, national emergencies or operational contingencies.

Personnel

As of June 30, 2010, the assigned strength of the Hawaii Air National Guard was more than 2,500 personnel.

Organization

The HIANG was commanded by Maj. Gen. Darryll D.M. Wong, at the beginning of FY 2010. After his appointment as State Adjutant General, Brig. Gen. Ann Greenlee became the interim commander. The HIANG is comprised of the HIANG Headquarters, the 154th Wing, the 109th Air Operations Group, the 201st Combat Communications Group and the 199th Weather Flight.

154th Wing

The 154th Wing, was commanded by Brig. Gen. Joseph K. Kim, for the first half of FY 2010. After his appointment

as Deputy Adjutant General, Col. Braden Sakai was named the acting wing commander.

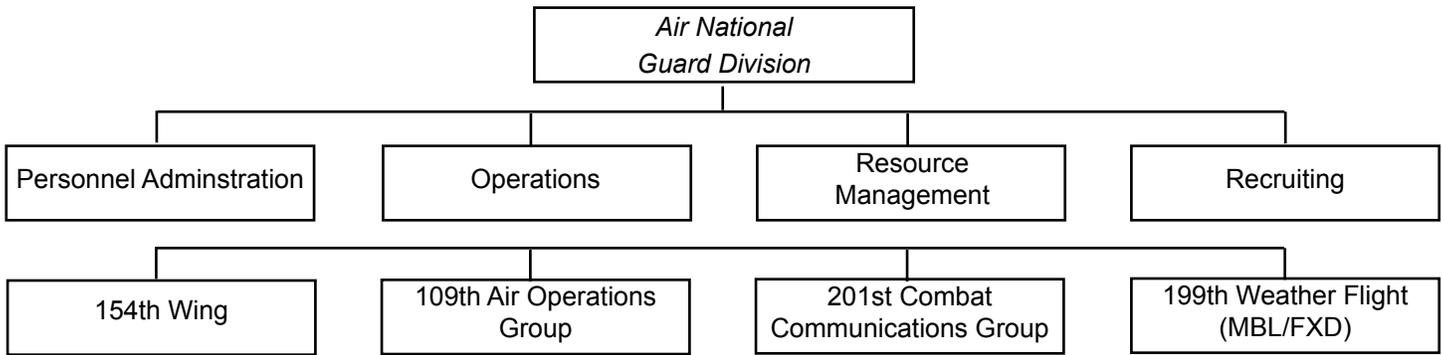

*Brig. Gen.
Joseph K. Kim*

The wing is headquartered at Joint Base Pearl Harbor-Hickam, Oahu. It is the largest of the HIANG organizations and one of the largest and most complex wings in the entire Air National Guard. The headquarters element consists of the wing commander, vice wing

commander, command chief master sergeant, wing control center, chaplain, judge advocate, military equal opportunity,

GASING UP – Hawaii Air National Guard’s KC-135R Stratotanker refuel her newest sister, the new incoming F-22 Raptor.
 Master Sgt. Mark Sindiong photo

plans, safety, public affairs and inspector general.

The 154th Operations Group consists of the 199th Fighter Squadron, 203rd Air Refueling Squadron, 204th Airlift Squadron, 169th Aircraft Control and Warning Squadron, and the 154th Operations Support Squadron. The 199th Fighter Squadron began the conversion from the F-15 A/B/C/D Eagle fighter aircraft to the F-22 Raptor in FY 2010, taking delivery on the first two Raptors at the beginning of FY 2011.

The 199th is also tasked with augmenting the active duty U.S. Air Force with air superiority fighters during war or other contingencies.

The 203rd Air Refueling Squadron is equipped with KC-135R Stratotanker aircraft which provides worldwide, nonstop air-refueling for almost every

type of U.S. fixed-wing aircraft. Both the 199th and the 203rd are partnered with active duty ‘reverse associate’ units, from the 15th Wing which provide pilots and flight personnel.

The 204th Airlift Squadron is a ‘classic associate’ unit, partnering with the 15th Wing, meaning the active duty owns the C-17 Globemaster III cargo aircraft while the HIANG provides 40 percent of the flight crews and maintenance personnel. The C-17 provides rapid strategic delivery of troops and all types of cargo to main operating bases or directly to forward bases in deployment areas. The aircraft can perform tactical airlift and airdrop missions and can transport litters and ambulatory patients during aeromedical evacuations when required.

The Wing’s 169th Aircraft Control and Warning Squadron

operates radar sites at Mount Kaala, Oahu, and at Kokee Air Force Station, Kauai. These radar sites are linked to the Hawaii Regional Air Operations Center at Wheeler Army Airfield, Oahu, where 24-hour air surveillance of the Hawaiian island chain is provided.

The largest of the four groups, the 154th Maintenance Group consists of the 154th Maintenance Squadron, 154th Aircraft Maintenance Squadron and the 154th Maintenance Operations Flight. The maintenance squadrons provide both backshop and flight-line maintenance for all three mission design series (MDS) aircraft: F-22, KC-135R, and the C-17.

The most diverse of the four groups, the 154th Mission Support Group consists of the 154th Logistics Squadron, 154th Civil Engineer Squadron, 154th

Security Forces Squadron, 154th Communications Flight, 154th Mission Support Flight and 154th Services Flight. The support squadrons provide homestation support services to the entire HIANG, as well as deployable supply system, construction, security, communications, and services.

The 154th Medical Group provides the Wing with fixed and deployable medical and dental resources and a medical response capability to the Chemical, Biological, Radiological, Nuclear or High-Yield Explosive-Enhanced Response Force Package (CERF-P) mission.

201st Combat Communications Group

The 201st Combat Communications Group, commanded by Col. Joseph A.

Col. Joseph A. Garnett

Garnett, is headquartered at Joint Base Pearl Harbor- Hickam. The 201st Group's mission is to provide command and control communications

and air traffic control services for U.S. Air Force combat air forces. It also supports emergency USAF requirements for air traffic control and communications facilities, as well as to provide tactical communications for the State of Hawaii, Department of Defense, in response to emergencies originating from either human or natural causes. The combat communications units can provide command and control communications and air traffic control services for 30 days with their own readiness spare package.

HELPING HANDS – Capt. Robert Zeitz and Tech Sgt. Kimo McKee of the 204th Airlift Squadron, assist a wheel-chaired Haitian hurricane victim on board a C-17 Globemaster III. Hawaii Air National Guard photo

The 201st Combat Communications Group is composed of a group headquarters and five assigned units, located on the Hawaiian islands of Kauai, Oahu, Maui and Hawaii. The headquarters is co-located with the 293rd Combat Communications Squadron at Hickam. The 291st Combat Communications Squadron is located in Hilo, Hawaii; the 292nd Combat Communications Squadron is located in Kahului, Maui; the 297th Air Traffic Control Squadron is located at Kalaeloa, Oahu; and the 293rd Combat Communications Squadron, the largest and most diverse communications squadron in the HIANG, is co-located with the Group HQ's at Hickam and Barking Sands, Kauai. The 293rd is one of only three ANG combat communications units in possession of the Eagle Vision system. Eagle Vision is the Department of Defense's only

deployable commercial imagery satellite downlink system and it is used extensively for federal, state, and Homeland Defense missions as well as in support of foreign nations during natural disasters. The 201st Intelligence Squadron was stood up in November 2009. The Intel Squadron, headquartered at Hickam, provides trained linguists for translation purposes.

109th Air Operations Group

The 109th Air Operations Group, commanded by Col. Michael B. Compton, is headquartered at Joint Base

Col. Michael B. Compton

Pearl Harbor- Hickam. The 109th AOG and its subordinate units the 150th Air Operations Squadron and 202nd Air Mobility Operations

Squadron, are classic associate units of the HIANG, augmenting the 13th Air Force, the 613th Air and Space Operation (AOC) and the 613th AOC's Air Mobility Division through the full range of combat operations. The units are co-located with the 613th at Hickam. The mission of the 613th AOC is to provide command and control of real-world air, space and information operations in the Pacific Theater for the Commander of the Air Forces forces (COMAFFOR) and coalition or joint forces air component commander (C/JAFCC). In the event that operations exceed the 613th's capabilities, the traditional (drill-status) HIANG Airmen will be immediately available to supplement the active duty Air Force requirements. The 109th AOG's 130 Airmen include pilots, navigators, weapons controllers, flight nurses and intelligence specialist. The 150th AOS has approximately 70 Airmen, which

include intelligence, network strategy and airspace branches.

The 202nd AMOS has approximately 50 Airman split between tanker, airlift, logistics and aeromedical branches.

199th Weather Flight

The 199th Weather Flight, commanded by Lt. Col. Thomas Mau. The flight is just one of 20 Air National Guard Battlefield Airmen Weather Flights throughout the nation. As the sole Air Guard weather unit to PACAF, the 199th is the most versatile and heavily-tasked Weather Flight in the Air National Guard. The flight supports the Hawaii Army National Guard's 29th Infantry Brigade Combat Team, as well as the Hawaii Air Guard's 199th Fighter Squadron and 203rd Air Refueling Squadron, Alaska Air Guard's 144th Airlift Squadron and 211th/212th Rescue Squadrons, the active Air Force's

25th Air Support Operations Squadron and the U.S. Army Pacific.

Highlights

During FY 2010, the men and women of the HIANG performed timely and highly skilled missions on behalf of the U.S. Air Force and provided relief to people in need here at home and around the world.

The Hawaii National Guard was praised by Secretary of Defense Robert Gates for its role in spearheading the initial relief effort following the Sept. 29, 2009 devastating earthquake and tsunami that hit the territory of American Samoa. With only 11 hours notice, the Hawaii Guard was able to assemble a joint task force consisting of members from the 154th Wing's Medical Group, the Hawaii National Guard CERF-P, the 93rd Weapons of Mass Destruction Civil Support Team and the 292nd and 293rd Combat Communications

GOOD HYGIENE – Maj. Simon Nguyen, a dentist with the 178th Medical Group, Ohio Air National Guard, uses an instructional puppet to teach young patients how to maintain good dental hygiene in June at Pu'ukohola Heiau National Historic Site, Kona, Hawaii. The 178th MDG provided free medical services to underserved communities.

Sr. Airman Amy Adducchio photo

Squadrons. The Hawaii Guardsmen were flown to American Samoa aboard Team Hickam C-17 Globemasters. Once on the ground, the joint task force in support of Operation PACIFIC WAVE provided more than 500 hours of search and recovery operations, medical care to more than 200 residents, an island-wide hazards assessment for follow-on relief efforts, video teleconferencing capabilities for on-scene relief agencies and partnered with the Coast Guard to collect and dispose of 6,200 cubic yards of hazardous materials.

A few months later, the Hawaii Air National Guard participated in another highly important mission, but this time its role was more behind the scenes as President Obama and his family visited Oahu for Christmas and New Years. The 199th Fighter Squadron provided top cover for Air Force One. The 169th Aircraft Control and Warning Squadron, for the first time implemented the Presidential air defense protection plan in support of a presidential visit to Hawaii, while the 203rd Air Refueling Squadron provided aerial refueling services to support aircraft.

BUILDING A FOUNDATION – 154th Civil Engineer Squadron Airmen pour a concrete slab during their deployment to Iraq.

Hawaii Air National Guard photo

Shortly after the presidential visit members of the 203rd Air Refueling Squadron and 154th Maintenance Squadron deployed to a publicly undisclosed air base in Central Command's Area of Responsibility in support of contingency operations in Iraq and Afghanistan. The HIANG's tankers have also deployed multiple times to other points on the map in 2010, including in support of aero-medical evacuation missions from Bagram Air Base, Afghanistan.

The 204th Airlift Squadron was also on the road this year, deploying personnel to Iraq and transporting more than 1200 passengers and 1700 tons of cargo in support of Operations Iraqi Freedom and Enduring Freedom. Many other HIANG airmen also participated in AEF

deployments. The 154th Security Forces Squadron sent several teams to Iraq and Afghanistan, the 154th Communications Flight and 154th Logistics Readiness Squadron deployed personnel to CENTCOM and the 201st Combat Communications Group deployed more than one-hundred airmen on six month rotations to various CENTCOM locations including Iraq and the United Arab Emirates.

Throughout the year, the Hawaii Air National Guard continued to prepare for the arrival of the F-22 Raptors which are replacing the F-15 Eagles the 199th Fighter Squadron as flown since 1987. The first two Raptors flew into Joint Base Pearl Harbor-Hickam just days prior to the July 9 arrival ceremony.

State Civil Defense

Mission

To prepare for and respond to disasters and emergencies.

Personnel

Seventy full-time and

*Col. (Ret.)
Edward T.
Teixeira
Vice Director*

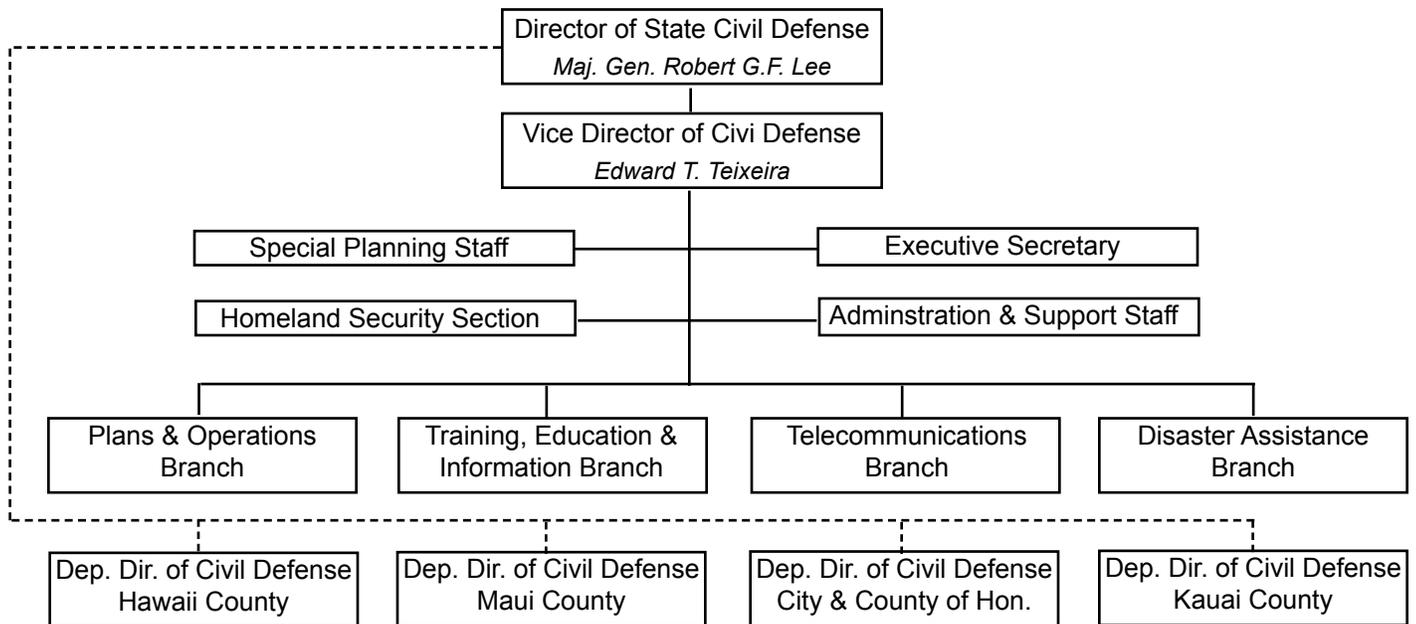

part-time employees make up the staff of State Civil Defense (SCD). In the event of a disaster, a recovery branch is established to conduct

damage inspections and to administer funding for public infrastructure repairs. During emergencies, staffing may be augmented by government liaison and volunteer agency support. Hawaii's director of civil defense is Maj. Gen. Robert G.F. Lee, the adjutant general. Edward T. Teixeira, the vice director of civil defense, oversees the day-to-day operations and assumes the responsibilities of the director when the director is absent.

Organization

The civil defense system is

authorized by Chapters 127 and 128 of the Hawaii Revised Statutes (HRS) and provides the legal framework for a comprehensive system at the state and county government levels. SCD serves as the office of record for all major disasters impacting the State of Hawaii. SCD is organized into five branches: Training, Education, and Information; Plans and Operations; Telecommunications; Homeland Security; and Disaster Assistance. These branches are supported by an administrative section and special planning staff.

The Department of Defense maintains the State Major Disaster Fund and Major Disaster Trust Fund authorized under Chapter 127-11, HRS. The fund provides \$2 million per year for disasters and an additional \$2 million to match federal funds following a presidential disaster declaration. This special fund helps to pay for emergency response costs and repairs to public facilities and infrastructure.

Highlights and significant events

State Civil Defense responded to several tsunami events in FY 2010. The most significant was the Feb. 27, 2010 tsunami warning generated by an 8.8M earthquake off the coast of Central Chile. SCD activated both Emergency Operating Center Response Teams (ERTs) and coordinated interagency preparations and response to the threat of coastal flooding posed by a potentially destructive wave from Chile. In FY 2010, the Pacific Tsunami Warning center also

placed Hawaii under a tsunami watch (Sept. 29, 2009 Samoa Island Region Earthquake) and issued a tsunami advisory (Oct. 7, 2009 Vanuatu Islands Earthquake).

The completion of tsunami inundation modeling for Hawaii County in April 2010 was a big step forward in tsunami mitigation and response. SCD released the project data, which was compiled under contract by University of Hawaii professor Dr. Kwok Fai Cheung, to Hawaii County. The inundation modeling data will be used to revise the tsunami evacuation maps for Hawaii County. Current tsunami evacuation maps were created using 1D modeling in 1991. Work also began in FY 2010 to compile tsunami inundation data for Maui County (including the islands of Maui, Molokai, Lanai, and Kahoolawe).

State Civil Defense was able to make significant strides in the Outdoor Warning Siren Modernization Project. Governor Lingle released approximately

\$14.2 million in Capital Improvement Program (CIP) appropriations for the project in FY 2010. This project seeks to replace old electrical-mechanical sirens and to install new solar-powered sirens throughout the State. The Outdoor Siren modernization project will increase the State's siren warning system inventory from 365 to 509 within 5 years. Work is also underway to switch from radio activation to redundant satellite and commercial wireless activation links with the goal of reducing potential geographic interference. The satellite and commercial wireless activation was successfully tested on eight Oahu sirens.

Over the past year SCD invited 374 condominium owners to participate in the State Private Emergency Shelter program and offered a courtesy shelter survey (non-structural survey) of their properties. Fifty-two condominium owners responded to the invitation. As a result, SCD found 45 condominium properties suitable that may potentially

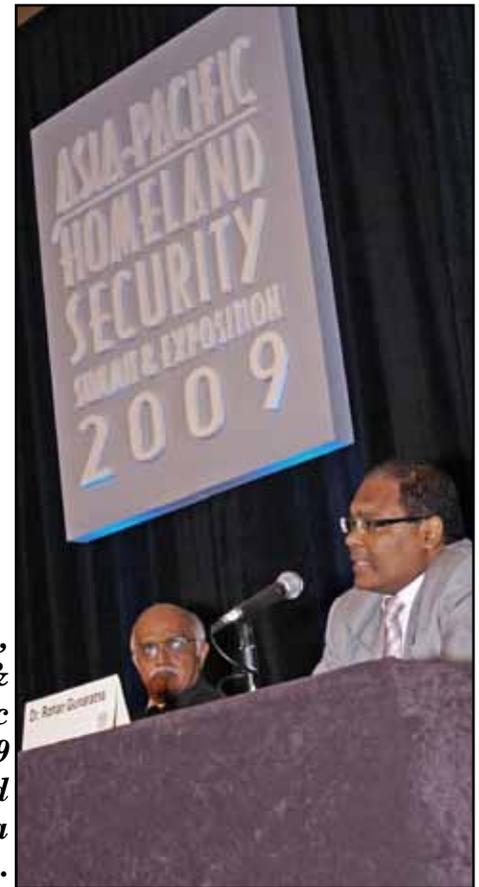

serve as private emergency shelters, adding an estimated 19,665 shelter spaces for their residents.

State Civil Defense funded the design and fabrication of a wind borne debris cannon which was completed by the University of Hawaii in FY 2010. The wind cannon is designed to evaluate the resistance of structural elements to the impact of windborne debris and will aid SCD planners in evaluation of designated emergency shelter facilities.

FY 2010 marked the launch of the Community-Based Preparedness Project. SCD

took initiative to partner with Faith-Based Organizations (e.g., churches, temples, synagogues) to improve disaster preparedness in communities. Community-Based Preparedness Project activities include: conducting workshops on hazard awareness, individual and family preparedness, incident management, and community preparedness planning. So far the SCD team has conducted workshops for communities and faith-based organizations along the Waianae Coast, Pearl City, Waimanalo, and Hauula. Workshops are held during the evenings to accommodate the public. This special project shows great potential and has been well received.

Two annual exercises were sponsored by SCD in FY 2010—Makani Pahili and Kai Mimiki.

THE LAST SUMMIT – (Top right) Dr. Rohan Gunaratna, head, International Centre for Political Violence & Terrorism Research Institute of Defense & Strategic Studies, Singapore, leads a panel discussion at the 2009 Asia-Pacific Homeland Security Summit. (Bottom) Edward Teixeira, vice director SCD, directs the “real time” Aloha Tower terrorist attack response scenario.

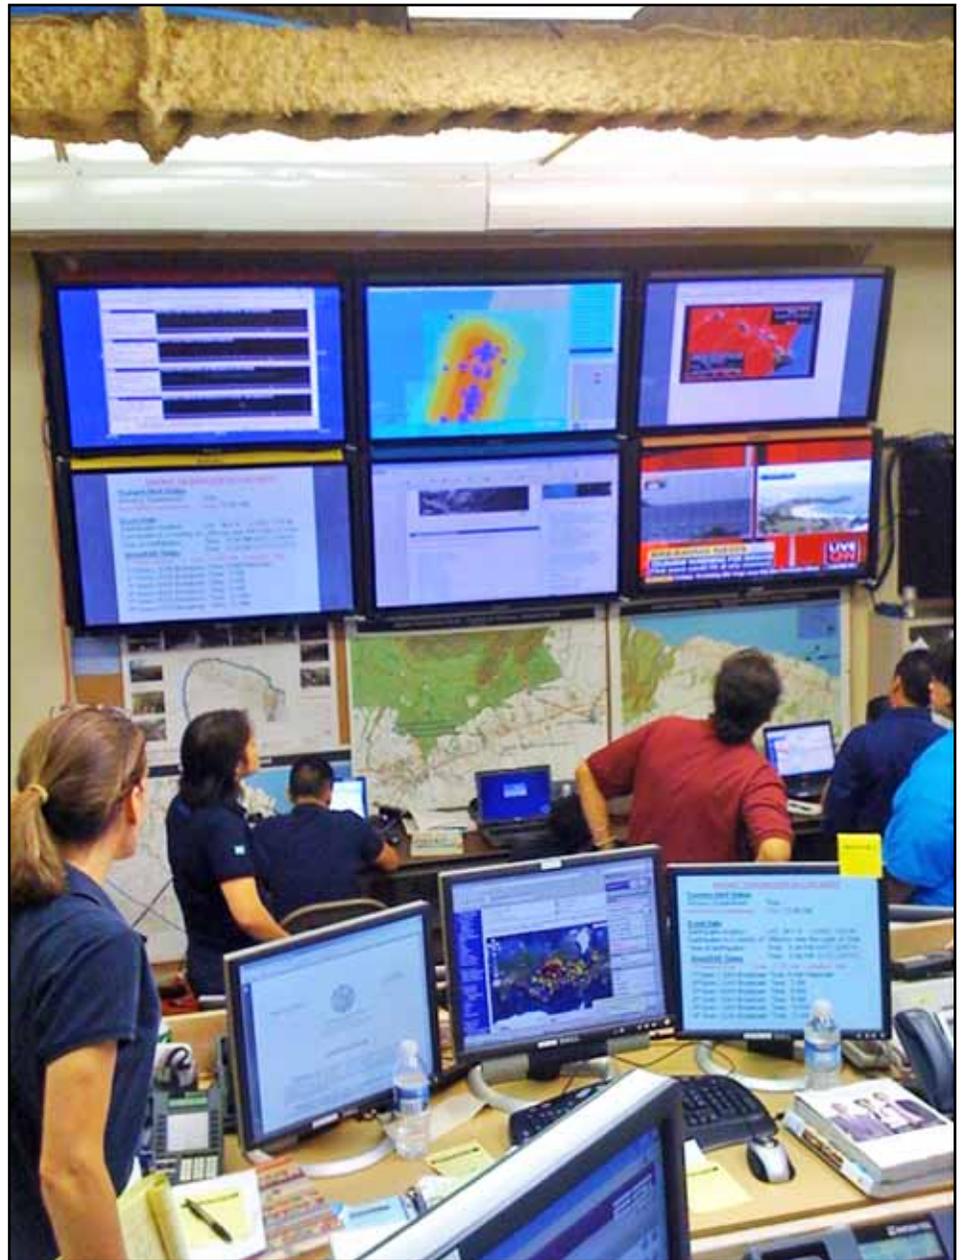

Master Sgt.-R Stephen M. Lum

Every year prior to the start of the Hawaii hurricane season in June, Makani Pahili (Hawaiian for Strong Wind) is held in all counties to provide participating agencies an opportunity to exercise their emergency management plans and preparedness activities in response to a hurricane threat. SCD coordinated two tsunami response exercises named Kai Mimiki (Hawaiian term referring to the retraction of the ocean immediately prior to a tsunami wave) focusing on either a locally generated or distant tsunami. In addition to these annual exercises, SCD designed and ran a Community Response Exercise at the 2009 Asia Pacific Homeland Security Summit. The Community Response Exercise focused on the general public's reaction to a terrorist attack at Aloha Tower.

State Civil Defense took action in response to the following real life events in FY 2010:

- 2009 (July) North Korea Ballistic Missile Threat – North Korea threat of launching a ballistic missile toward Hawaii prompted the Defense Department to strengthen defense forces with antimissile interceptors in place.
- 2009 Tropical Storm Guillermo – packing sustained winds near 40 mph, the storm was located about 635 miles north-northwest of Honolulu and moving northwest when the storm changed its course and headed away from Hawaii.
- 2009 Tropical Storm Hilda – with winds at 35kts and gusts to 45kts, the storm passed well south of the Hawaiian Islands.
- 2009 Tropical Storm Lana – passed well south of the Hawaiian Islands with maximum

WATCHING FOR SIGNS – State Civil Defense Response Team checks the monitors for Chilean tsunami warning updates, Feb. 27, 2010. State Civil Defense photo

sustained winds are near 65 mph with higher gusts.

- 2009 Kaunakakai Fire (FEMA 2834) – burned 7,000 acres and threatened 400 residences in Maui County on Molokai island. SCD coordinated for an approved FEMA Fire Management Assistance Grant which reimbursed 75 percent of eligible state and county fire fighting costs.

- 2009 Hurricane Felicia – at one point was a Category 4 hurricane and eventually a weakening tropical storm which turned due west towards Hawaii and degenerated into a remnant low before passing over the islands. SCD coordinated a state response for the system which passed through all counties as a remnant low pressure system.
- 2010 Maalaea Fire (FEMA

2844) – burned more than 2,000 acres, prompted evacuation of about 100 people, including residents, shoppers and workers at Maalaea Harbor shops, shoreline campers, visitors at the scenic lookout at the pali, employees of the Kaheawa Wind Farm and boat operators at the harbor. SCD coordinated

for an approved FEMA Fire Management Assistance Grant which reimbursed 75 percent of eligible State and county fire fighting costs.

The revision of the State Plan for Emergency Preparedness and Response has been a major SCD project during FY 2010. Work is

ongoing on the five volumes that will make up the new plan which is aligned with the National Response Framework and covers the full spectrum of emergency management from mitigation and preparedness to response and recovery. The completion of the revised plan will be a significant event for FY 2011.

THE BIG BOOM – State Civil Defense personnel test the wind cannon on 5/8” thick plywood. State Civil Defense photo

HONORING OUR FALLEN COMRADES – Senior Airman Anthony Baez (wreath bearer on the left), Gov. Linda Lingle, Adm. Robert Willard, Sen. Daniel K. Inouye, Sen. Daniel K. Akaka and Maj. Gen. Robert G.F. Lee render honors at the Hawaii State Veterans Cemetery held Memorial Day service. Sgt. 1st Class-R Wayne T. Iha photo

Office of Veterans Services

Mission

The Office of Veterans Services (OVS) is the principal state office within the State of Hawaii responsible for the development and management of policies and programs related to veterans and their family members. The Office acts as a liaison between the Governor and Hawaii's individual veterans, their groups and organizations, and serves as an intermediary between the Department of Veterans Affairs (VA) and our veterans and their family members.

Organization

The organization includes administrative and office services

*Maj. (Ret.)
Mark S. Moses
Director*

sections, the veterans' services branch and the Hawaii State Veterans Cemetery (HSVC) branch. The veterans' services branch, under the supervision of the veterans' services coordinator, with counselors and office assistants on Oahu, Hawaii, Kauai and Maui are responsible for providing veteran information and assisting them in obtaining an array of veterans' services and benefits offered by

the VA, the state, and by their respective counties. Additionally, the counselors assist with burials of veterans at their island cemeteries; they act as advisors to their respective county veterans' council; and participate as members on community committees and panels in conferences related to veterans' issues.

Personnel

Statewide, the OVS is authorized 19 full-time staff and the past legislative session authorized five additional positions – currently awaiting DHRD action. HSVC maintenance is performed by personnel

assigned from Department of Defense (DOD). The services of numerous volunteers assist in the maintenance of veterans' memorials, clerical and receptionist support; honor details; cemetery maintenance; and support in all areas of the Governor's Memorial and Veterans Day ceremonies held at HSVC in Kaneohe.

OVS locations

The Oahu OVS operates out of the VA facilities located in the E-Wing at Tripler Army Medical Center. Due to our close proximity to the VA benefits section, a short distance from the Spark M. Matsunaga Out-Patient Clinic, the Center for Aging, and to Tripler wards and clinics, OVS continues to experience a significant increase in walk-in traffic. The proximity of the VA Regional office has resulted in a stronger relationship with the benefits staff and has increased the ability to access records of veterans served by the OVS.

Highlights and significant events

The VA Office of the Actuary estimated Hawaii's veteran population based on April 2000 data by county to be:

County	Veterans	Percent
Honolulu	88,147	73%
Kauai	5,688	5%
Maui	10,836	9%
Hawaii	15,886	13%
Total	120,587	100%

Some of the major projects OVS has partnered and participated in, involve benefits briefings to troops scheduled for deployment and their families. Troops sent to Iraq and Afghanistan are supplied necessary information and assured a grateful nation would provide resources upon their return.

Ciana Pelekai sings the national and state anthem at Veterans Day held at the Hawaii State Veterans Cemetery in Kaneohe, Oahu. The nine-year-old and is a 4th grader at Mokulele Elementary. Jayme Sato photo

The annual Governor's Veterans Day Ceremony was held with over 600 honored guests in attendance.

On May 30, 2010, the Girl Scouts of Hawaii held their 19th Memorial Day Service Project. Over 200 Girl Scout volunteers demonstrated their appreciation and support for Hawaii's veterans by taking time out of their Memorial Day weekend to decorate thousands

of grave sites at the Hawaii State Veterans Cemetery. They paid tribute to the men and women who gave their lives to protect our freedoms by placing flags and lei at the graves of nearly 7,000 American veterans. A short program at the Memorial Plaza opened the ceremony, followed by the decorating of the gravesites. Following the decorating of the grave sites, everyone returned to the plaza for the conclusion of the

program and a speech by Mayor Mufi Hanneman.

On May 31, 2010 was held the Governor's Memorial Day Ceremony. There were over 700 in attendance as Gov. Linda Lingle gave her last Memorial Day address.

During this year, OVS completed its assessments of monuments and memorials that include all eight state veterans cemeteries in compliance with state law. OVS determined that certain cemeteries were in need of repair or capitol improvements. Neighbor island cemeteries repair and maintenance is the responsibility of the respective counties.

Therefore we have taken the necessary measures to coordinate with the mayors and county

councils concerning repairs. OVS offered suggestions for state Capitol Improvement Projects (CIP) that may be eligible for federal reimbursements. OVS takes the necessary actions to apply for State CIP funding, and to submit applications for VA grants.

Despite the hard economic times, the Office of Veterans Services does its very best to not only provide services for our veterans, but for our cemeteries across the state. OVS continues to provide free burial vaults with all interments for all veterans and authorized family members. .

The State continues to provide polyguard burial vaults for all retirees, veterans, active duty and dependent burials in veterans cemeteries statewide. Vaults are

required for interments to help stabilize the ground and decrease the number of settling gravesites, thereby, allowing the cemetery groundskeepers to devote more efforts to cemetery beautification.

Statewide veterans cemetery projects

Capital Improvement Projects: There are ongoing columbaria projects for the neighbor islands. VA has accepted the grant requests and we are currently gathering county and veteran input on proposed designs. This will add 14 new 64-nich columbaria statewide, (nine to East Hawaii II, three to Kauai, and one each to Maui (Makawao), Lanai, and Molokai (Ho'olehua)).

The cemetery expansion planned for Kauai Veteran's Cemetery is currently in process. OVS and DOD are actively working with county and Department of Land and Resource officials to effectuate a land transfer of 5.1 acres for the upcoming project. Several other various improvements are planned to be included in the project. Dir. Moses also recently met with county and veteran officials about several gate and signage improvements to the cemetery.

Several projects are continuing at Hawaii State Veteran Cemetery. The \$1.9 million three-phase improvement project for HSVC is proceeding quickly. Phase I has been completed. The purpose of the project was to stop the soil erosion in the area above the columbarium during bouts of heavy rain. The problem area was graded to lessen the degree of the slope, a concrete swale was built at the top of the problem area to carry the majority of the water runoff to new storm drains and an earthen swale was

Number of veterans and dependents served: FY 1998 through FY 2010

outlining the installation of the Spoils shed. OVS will meet with the bid-winning contractor for the project to create a family briefing room at the Administration Building. This project will also include the construction of a restroom facility in the vicinity of the Committal Shelter.

Navy Seal Delivery Vehicle Team One, Mobile Diving Salvage Unit One, and the Joint POW/MIA Accounting Command have all been doing volunteer work at HSVC as a community service project once a month since Aug., 2008. Approximately twenty of them have been coming at a time with the exception of November when they made it a “Command Day” and eighty of them came at one time. Their primary task has been to repair settled graves and to raise and level settled markers and vases. Their services are invaluable.

Additionally, we are working with the VA State Cemetery Grants Program on several grants under a new type program that recently became available to us. This new O&M (Operations

and Maintenance) program allows us to request aid in addressing alignment, leveling, and cleaning of headstones as well as improving turf conditions. We will submit grant requests to address the needs of our State Veterans Cemeteries on six islands.

Finally, another project we are considering is the building of a second State Veterans Home. The VA Pacific Island Health Care System, Rural Health director is very interested in helping us in facilitating the construction of this State Home. The location could be on State land in Kapolei near the projected new veteran’s clinic. The concept is to build a 200-bed facility near the VA medical clinic that could serve the full range of veteran clients. Presently the State would have to fund 33 percent of the construction cost or about \$35 million dollars. This project is within our long-range goal of providing needed services to veterans and their eligible family members.

MONTHLY DEVOTION – *The Navy Seals Delivery Team One volunteers (left) clean the graves at the Hawaii State Veterans Cemetery. Advisory Board on Veterans' Services

The Advisory Board on Veterans' Services advises the director on veterans' issues, legislative proposals and program operations. The Board meets monthly through video

conferencing. The composition of the board includes nine voting members, one each representing Maui, Kauai, Hilo and Kona, four members from Oahu, and the director of OVS.

Members bring veterans issues from their counties to the

whole board, as well as deal with statewide issues including those concerning the Yukio Okutsu State Veterans Home and the building of another veterans home.

OFFICIAL INAUGURATION CORDON – The Hawaii National Guard Youth CHALLENGE Academy cadets form the cordon as Lt. Gov. Brian Schatz leaves the inauguration.
 Master Sgt.-R Stephen M. Lum photo

Hawaii National Guard Youth CHALLENGE Academy

Mission

The Hawaii National Guard Youth CHALLENGE Academy offers 16-19 year-old “non-traditional” students a second chance to obtain their high school diplomas and develop life skills to be

*Richard W. Campbell
 Director*

successful in the community. Students are placed in a military-based, residential environment which emphasizes academics, self-discipline and responsibility; and strengthens families and communities through the cooperative efforts of federal, state and Youth CHALLENGE

staff. After the completion of the residential phase, mentors and counselors follow-up and support graduates in pursuit of their career goals.

Eligible criteria

Students must meet the following criteria to be accepted into the Youth CHALLENGE Academy:

- Voluntary participation
- No active or pending charges
- Drug free (drug testing conducted upon entry and periodically thereafter)
- Between 16-19 years old (preference to the older students unable to graduate with their class)
- History of attendance problems
- Citizens of the United States and residents of Hawaii

Residential phase

During the five-month residential phase of the program, Cadets are given training to improve their physical and mental capabilities. They are also offered training to help improve the skills needed to become productive citizens in their communities. The Cadets live and attend classes at the Youth CHALLENGE Academy facility located at Kalaeloa, under 24-hour supervision, seven days a week. All meals and uniforms are provided by the Academy.

Education

The Youth CHALLENGE Academy has developed a partnership with Waipahu Community School to enroll the Cadets in the General Educational Development (GED) program. One of the major goals

of the Cadets is to attain their high school diploma from the Hawaii State Department of Education.

Military-based training

Along with academic instruction, each cadet is required to participate in the military-based training portion of the program.

Cadets are instructed in the following National Guard Eight Core Components: Leadership/Followership, Responsible Citizenship, Academic Excellence, Job Skills, Life-coping Skills, Health and Hygiene, Service to Community and Physical Fitness.

Cadets are also required to participate in at least 40 hours of community service activities. These community service activities include providing assistance at the annual Veterans' Day services at Kaneohe State Veterans Cemetery, supporting Child and Family Youth Day, Adopt-A-Highway projects, Hawaii National Guard Environmental projects, service at the U.S.S. Missouri and assistance at the Alzheimer's Foundation Fun Run/Walk.

Post-residential phase

At the end of the residential phase, Cadets that successfully

complete the GED curriculum receive their high school diplomas at a graduation and completion ceremony. Graduates of the program continue on to pursue careers in the military, seek employment in the community, or work toward a degree from an institution of higher learning.

Organization

The Youth CHalleNGe Academy currently employs 44 full-time state employees. The staff is comprised of trained active and retired members of the Hawaii National Guard (Army

NEW BEGINNINGS – *Richard W. Campbell, Hawaii Youth CHalleNGe Academy director, shows Gen. Craig McKinley, National Guard Bureau chief and Gov. Linda Lingle the program's Big island of Hawaii facility at the "old" Kulani prison site.* HING YCA photo

and Air), Reserve, retired military, GED instructors, part-time instructors from the Waipahu Community School and Leeward Department of Education. These employees make up the five primary staff elements: administration and logistics, placement/mentor coordinators, commandant/cadre, program coordinator,

academic instructors and counselors. Funding for the program is a match of Federal (60 percent) and State (40 percent) funds.

National awards, recognition

- 2001 United Services Organization, Best Overall Program
- 2001 National Mentoring Part-

nership's Excellence in Mentoring Award

- 2003 National USO LaVern Webber Citizenship Award
- 2006 United Services Organization, Physical Fitness Award
- 2008 United Services Organization, Responsible Citizenship Award

Highlights and significant events

State positions authorized during the year totaled 483, which included 246 permanent authorized positions and 237 temporary positions. As of June 30, 2010, 175 permanent and 123 temporary positions were filled.

The 2010 recipient of the Adjutant General's Award for Manager of the Year was George F. Burnett, State Civil Defense telecommunications branch chief. The Distinguished State Service award was earned by Kevin J. Richards, State Civil Defense earthquake planner.

FAMILY CELEBRATION - George F. Burnett and Kevin J. Richards, State Department of Defense manager and employee of the year are surrounded by their State Civil Defense family. Master Sgt.-R Stephen M. Lum photo

U.S. Property and Fiscal Office

Mission

The mission of the United States Property and Fiscal Officer for Hawaii is to receive and account for all funds and property of the United States in possession of the Hawaii National Guard; ensure that Federal funds are obligated and expended in conformance with applicable statutes and regulations; ensure that Federal property is maintained and utilized in accordance with National Guard Bureau directives; manage the Federal logistics systems for Hawaii; and provide the support necessary for the transition of mobilized units to active duty status.

Personnel

The USPFO for Hawaii is authorized 86 full-time federal technicians.

Organization

The USPFO is organized as follows: Administration Office, Data Processing Center, Internal Review Division,

Resource Management Division, Purchasing and Contracting Division, and Supply and Services Division.

Administration Office

This office performs administrative services in support of the USPFO operations by providing reproduction services, receiving and processing of office mail, and providing typing and word processing services.

Data Processing Center

The Data Processing Center provides services to the USPFO and the Hawaii Army National Guard and its various divisions. The center operates a system of Hewlett-Packard RX series servers and an EVA SAN to process critical functions and maintain the data base of record. The center also maintains a web site that enables members of the Hawaii National Guard to view their orders, information regarding pay, travel, etc. and financial information to program managers.

Internal Review Division

Internal reviews are conducted by this division to ensure federal resources are properly managed and utilized. Emphasis is placed on evaluating the effectiveness of management controls and determining whether the Hawaii National Guard is operating efficiently and economically. In support of the United States Property and Fiscal officer for Hawaii, internal reviews are conducted on within the Hawaii Army and Air National Guard and other State Department of Defense programs in receipt of Federal equipment and funds.

The Hawaii National Guard, Internal Review Division, is located in Bldg 117 at Kalaeloa and is comprised of a Director of Internal Review, Senior Auditor, and Management Assistant.

Resource Management Division

The Resource Management Division provides decentralized

budget, funds management, fiscal accounting services, and Government Travel Card and Defense Travel System management to the soldiers and units of Hawaii Army National Guard. The division also provides payroll and travel entitlement payments to soldiers, and full-time technicians, and Army Guard Reserves, payments to the State of Hawaii, and commercial vendors doing business with the Hawaii Army National Guard. During mobilizations, the division also provides military pay support to deployed soldiers and their families.

An Assistant United States Property and Fiscal Officer for Air (Fiscal) manages funds and workdays for the Hawaii Air National Guard. The 154th Wing Financial Management/Comptroller Office is located at Hickam Air Force Base, and services all Hawaii Air National Guard units, including those on the neighbor islands.

Purchasing and Contracting Division

Procures federally funded acquisitions for the Hawaii National Guard using sealed bidding, negotiated, and simplified acquisition procedures in accordance with federal acquisition regulations.

The division office, located in Bldg 117, Kalaeloa, provides support to Hawaii Army and Air National Guard customers by procuring commercial items and services, architect-engineering services, and minor and military construction projects. The division oversees and administers the Hawaii Army National Guard Government Purchase Card (GPC) program.

The 154th Wing Base

Contracting Office (BCO) provides field support to the Hawaii Air National Guard by procuring commercial items and services and managing the minor construction contracts. The BCO oversees and administers the Hawaii Air National Guard GPC program.

Supply and Services Division

The Army Guard division, located at Kalaeloa, is organized into Material Management, Property Management, Supply, and Transportation Branches, and provides logistical support and guidance to the Hawaii Army National Guard.

An Assistant United States Property and Fiscal Officer for Air (Property) is responsible for the accountability of supply equipment, munitions, and computers within the Hawaii Air National Guard. The Air Guard division, located at Hickam Air Force Base, provides logistical support and guidance to the Hawaii Air National Guard.

An Assistant USPFO for Real Property, one for Army and one for Air, is responsible for Federal real property accountability.

Highlights and significant events

Federal funds used by the Hawaii Army National Guard during the federal fiscal year totaled \$135,601,753.

Federal funds used this year by the Hawaii Air National Guard amounted to \$160,812,349.

Table 4 of the Appendix reflects federal dollars used between Oct. 1, 2009 and Sept. 30, 2010.

Military payrolls for the Army and the Air Guard totaled \$87,542,986 this federal fiscal year.

During Federal fiscal year 2010, local purchases and contracting support of Hawaii National Guard units and activities totaled \$30,510.00 .

A total of \$ \$7,264,869 was spent to procure supplies and equipment for the Hawaii Army National Guard. Items contracted for include, but are not limited to: Yellow Ribbon Reintegration Program events; Strong Bonds Marriage Enrichment events; furniture; Annual Training/Inactive Duty Training local purchase meals; Information Technology equipment; services and supplies; Architect-Engineer services; and other unit requirements unavailable through the supply system.

The following are some of the equipment needed by units to be mission capable/ready that were fielded to the Hawaii Army National Guard during fiscal year 2010 through the Supply and Services Division:

- Computer System AN/UYQ-90(V)2
- Computer System Digital AN/TYQ-139

The book value of Hawaii Army National Guard equipment is \$410,168,490.

The Hawaii Air National Guard received \$5,721,749 for supplies and equipment. The base supply operation processed 446,327 transactions in federal fiscal year 2010, a monthly average of 36,694.

The equipment book value was \$114,126,4764 at the end of the federal fiscal year.

The Hawaii Air National Guard Traffic Management

arranged transportation of 288,205 pounds of cargo during fiscal year 2010. Travel was arranged for 1,429 individuals. The total spent to transport personnel and equipment was \$1,140,587.

The Hawaii Army National Guard Traffic Branch arranged transportation for a total of 4,728,498 lbs of cargo during fiscal year 2010. Travel was arranged for 641 individuals.

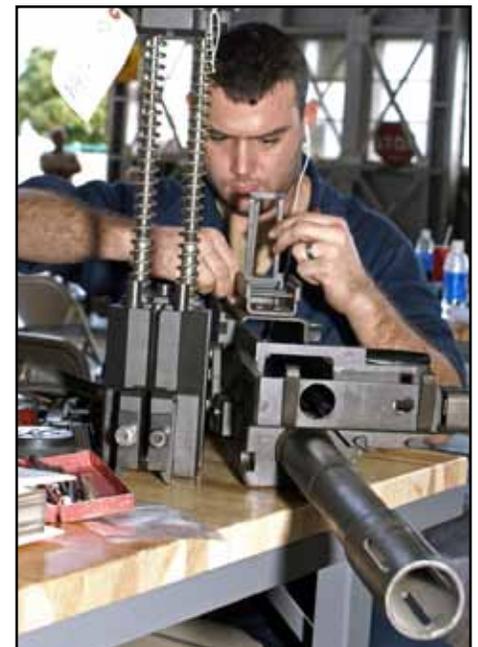

The total spent to transport personnel and equipment was \$399,668.

The Data Processing Center completed installation of new hardware and upgraded software on its servers and migrated users RCAS workstations to a new operating system. In another major project, the RCAS Web operations were virtualized and now reside on new platforms which provide more efficient use of hardware assets and ease of replication.

The Internal Review Division completed 14 internal review audits for the fiscal year ending Sept. 30, 2010. The division completed four formal, six special, two external liaison, and two follow-up audits. These audits resulted in improved

BRIGADE EQUIPMENT RESET – Army National Guard Soldiers Pfc. Jon Marshall and Spc. management and operational controls. We also identified \$305,840 in potential monetary savings for the period being reported.

The Armed Forces Reserve Center under construction at the Big Island of Hawaii's Keaukaha Military Reservation in Hilo, will house elements of the Hawaii Army National Guard, U.S. Army Reserve and the Office of Veterans Services.

Engineering Office

Mission

The Engineering Office provides the entire spectrum of professional engineering services to the Divisions, as well as to the departmental staff sections to enable them to carry out their statewide programs.

The major responsibilities are to plan for, administer, and supervise the following programs: capital improvement projects, major and minor construction, consultant contract services, maintenance and repair, janitorial-custodial and ground maintenance.

Personnel

The Engineering Office is authorized 59 state positions.

Organization

The Engineering Office consists of: Contracting, Engineering, Maintenance, and State Motor Pool.

Repair and maintenance projects awarded

Recurring minor maintenance, repairs and modifications of facilities are accomplished by in-house maintenance personnel on a time-and-material basis, or by formal and informal construction contracts. This program is supported by federal, state, or joint federal/state matching funds through separate Army and Air Service or Army National Guard Training Site Contracts.

Minor Construction Projects

Minor construction projects include all projects for minor construction or major repair,

maintenance or modification of facilities. This program is supported by federal funds, state funds or jointly with federal/state matching funds. On-going minor construction projects during this fiscal year are as follows:

On-going major design activities (\$1,000)	<i>State</i>	<i>Federal</i>
1. Survey for HIARNG properties, <i>Wahiawa</i>	0	46
2. Survey service for HIARNG properties, <i>Kalaeloa</i>	0	33

On-going major construction activities (\$1,000)	<i>State</i>	<i>Federal</i>
1. Design electrical upgrade, <i>B407</i>	76	228
2. Design roof repair/replacement – photovoltaic system, <i>B1898, Kalaeloa</i>	20	62
3. Investigate, design & construction mangement services for waste water improvements, <i>Battery 407, Honolulu</i>	29	29
4. Design electrical system with photovoltaic roofing system & tie-in for new training building, <i>298th RTI, Waimanalo</i>	0	15

On-going environmental activities (\$1,000)	<i>State</i>	<i>Federal</i>
1. Electrical upgrade (increase), <i>B1784, Kalaeloa</i>	1	3
2. Flooding remediation of grounds & parking lot, <i>CSMS #1, B304, Honolulu</i>		294
3. Design & installation of energy mangement system, <i>298th RTI, Waimanalo</i>	0	87
4. Pre-manufactured storage bldg, <i>AASF #2, Hilo</i>	0	480
5. Construct a training area bldg with photovoltaic roof panels, <i>298th RTI, Waimanalo</i>	5	750
6. Install corrugated PVC panels on high bay windows, <i>B117, Kalaeloa</i>	0	99

PREPAREDNESS – Senior Master Sgt. Elbert Emoto, 204th Airlift Squadron, prepares to depart with a C-17 Globemaster III from Joint Base Pearl Harbor Hickam, in January 2010, to take part in Haiti humanitarian relief effort. Hawaii Air National Guard photo

In Memoriam

Nakatsu

Brigadier Gen. (Hawaii) Myles M. Nakatsu, 71, State of Hawaii Department of Defense deputy adjutant general

from 1988 to 1994 passed away April 21, 2010. His 33 years of military service peaked with his appointment to DAG by Maj. Gen. Alexis T. Lum and concluded while serving under Maj. Gen. Edward V. Richardson.

Hilo born Nakatsu, graduated Hilo High School in 1956 and went to college before joining the Hawaii Army National Guard in 1961. He earned a Bachelors of Education, 1960, and Professional Certificates (5th year teaching degree, 1961 and School Administration, 1969) from the University of Hawaii.

Three years after enlisting he earned his commission as a second lieutenant through the Hawaii Military Academy. Other military schools included infantry officer's basic and advanced, command and staff, civil emergency management, command and General Staff College, effectiveness managers and U.S. Army War College.

His first 26 years of Hawaii State service began at the Department of Education, first as a teacher then as an administrator. Nakatsu first taught at Waianae High and Intermediate School and later transferred to James Campbell High School where he taught coach cross country and track, and served as counselor. After

Brigadier Gen. (HI) Myles Nakatsu's wife, Nancy, receives the American flag from Brig. Gen. Gary M. Hara, Hawaii Army National Guard commander, May 7, 2010, at the National Memorial Cemetery of the Pacific at Punchbowl.
Master Sgt.-R Stephen M. Lum photo

completing Administrative Intern Program he became vice principal and eventually principal at Ilima Intermediate School.

Nakatsu continued his full-time state service when he joined the Department of Defense staff as the executive support officer under Maj. Gen. Valentine A. Siefertmann, Maj. Gen. Arthur U. Ishimoto and Lum.

His military career took him from platoon leader, aide-de-camp, senior tactical officer, training officer, chief of staff for the adjutant general, and chief of post mobilization state headquarters.

Education highlighted his military and civilian careers. The Hawaii Military Academy won the designation as outstanding Officer Candidate School for three consecutive years when

he was the senior TAC. He was credited for implementing a team teaching concept at Ilima that is today called the Middle School Wheel concept. These experiences converged in 1994, when the Hawaii National Guard embraced the National Guard's Youth Challenge program for teens. The alternative learning opportunity brought together military discipline and high school diploma requirements

He is survived by his wife, the former Nancy Nakayama and son, Lance, daughter, Shennan, and two granddaughters.

After a funeral services Hosoi Garden Mortuary he was interred at the National Memorial Cemetery of the Pacific at Punchbowl with full military honors, May 7, 2010
